

## **Company Background**

Proficiency Testing Australia (PTA) is one of Australia's largest and most experienced proficiency testing providers. We have a reputation for providing friendly, customer-focussed service using qualified, experienced staff and specialists.

Proficiency Testing Australia is able to service a very broad range of industries, and many of our clients come to use our services based on the recommendation of colleagues. Proficiency Testing Australia has offices in Sydney and Brisbane, so our services and support are readily accessible.

Proficiency Testing Australia is accredited as a Proficiency Testing Provider by The American Association for Laboratory Accreditation. The accreditation covers the specific proficiency testing sample/artefact types listed on the agreed scope of accreditation. The accreditation meets the requirements of ISO/IEC 17043 *Conformity assessment - general requirements for proficiency testing*.

## **Aim of the Program**

The aim of the Textiles program is to test each participant's ability to competently perform chemical and mechanical testing of textile samples.

## **Application of program to accreditation**

Participation in proficiency testing programs would satisfy requirements of ISO/IEC 17025: 2005 *General requirements for competence of testing and calibration laboratories*.

## **Program Details**

The Textiles program is conducted once a year.

Participants receive up to three samples for each round. The tests for each round include a range chemical and mechanical analysis:

- Quantitative Fibre Analysis;
- Threads per unit Length;
- Breaking Load;

- Extension; and
- Mass per unit area.

A final report, summarising the information submitted by all of the participants can be viewed on the PTA website at the conclusion of each round of the program. A summary sheet is also sent to each individual participant at the conclusion of the program. This summary sheet details the performance of that laboratory in the program.

### **Confidentiality**

Each participating laboratory is assigned a code number to allow for confidential treatment of results in all reports and publications produced by PTA. Please refer to the PTA website ([http://www.pta.asn.au/pta\\_Confidentiality](http://www.pta.asn.au/pta_Confidentiality)) for more information.

### **Fees**

Refer to the current PTA fee schedule available on the PTA website ([www.pta.asn.au/pta\\_Schedules](http://www.pta.asn.au/pta_Schedules))

### **Further Information**
